Boy Fishing Finds Body of C. E. Brown

The body of Charles E. Brown, the young plasterer who was drowned at a late hour Thursday afternoon while on his way from Point Potrero to Brooks Island, was recovered at a late hour this afternoon by George Lozier, residing at 312 South Thirteenth street, who was rowing in the Cutting canal.

When young Lozier first noticed the body he became frightened and shouted to the men on a nearby dredge who came to his assistance and aided him in pulling the body out of the water which was stripped of all its clothing and in a badly decomposed condition.

Deputy Coroner Smallwood was notified of the finding of the body and soon had it removed to the morgue where it was positively identified by Mrs. Brown as that of her son. The face and upper part of the body were in fairly recognizable condition but the lower limbs were badly decomposed. The fact that he was found stark naked approve the statement made by Langdon who said that Brown before he began his long swim toward the shore discarded all his clothing.

The local authorities were of the opinion that since Brown was drowned in the inner harbor channel which winds its way through Raccoon straits to the ocean that it would never be found.

Albany Recallers Lose Their Fight

The Civic League of Albany has lost its recall fight.

And John Brown, leader in the recall campaign in the town to the north of Berkeley, is to lose his dog.

These are some of the results of yesterday's election in Albany. Mayor Frank Roberts, first president of the Town Board of Trustees, and Frederick G. Brown, Trustee, were sustained by a majority of at least 25 per cent.

Entire Administration Wins

Roberts and his entire administration were retained in office, including Rudolph Samuels as trustee, City Clerk George W. Nickerson and City Treasurer Arven T. Baker. The vote was the largest in the history of the city. Of 487 registered, 450 votes were cast. In precinct No. 1, one of the important polling places, the vote to retain Roberts and Thompson was 89, as against 67. In other precincts the same average was maintained.

It was one of the bitterest political fights ever waged in Albany, and as a closing incident of the campaign the lie was openly passed between the Rev. Wilmer E. Coffman and John S. Patterson, supporter of the administration. Patterson told Coffman that he was a "hypocrite" and accused him of "doing politics." It was then that the minister replied, "You lie."

Graft Charges Fail

In addition to this Coffman is said to have accused Mayor Roberts of "graft" in connection with certain construction contracts. When challenged by the Mayor he could produce no proof. In the face of these charges Roberts was reseated.

The impending death of John Brown's dog is one of the sequels of the campaign. John Brown's dog chased the wife of Judge Paul of Albany. Then it snapped at the heels of Marshall Glavinovich as he sped by the Brown domicile on his motorcycle. The dog was taken into custody by Poundmaster William Carey and Brown was arrested for violating an ordinance through not muzzling the dog.

The Jury Disagrees

Brown claimed that his arrest was spite work as a result of his activities in the recall campaign. His trial was set and heard, but the jury disagreed. The case was reset, and is to be heard tomorrow night at 7:30 o'clock.

The dog will not be introduced as evidence when the case is called tomorrow night unless its carcass be dragged in. If the claims of the supporters of the administration are authentic. They assert that the animal will be shot today for the good of the community, and the poundmaster and Marshal Glavinovich are slated to preside at the execution.

That ends the tale of John Brown's dog.

NEGOTIATIONS WITH SANTA FE COMPANY CONCLUDED

City Attorney Hall Informs Council That His Conference With Railroad Officials Was Highly Satisfactory—Site of Proposed City Docks Will Be Moved to the East in Accordance With Agreement—Wharf Will Be About 800 Feet Long and 91 Feet Wide—Question of Damages For Tide Lands Taken Up By City Attorney At Los Angeles Conference.

City Attorney Hall, who returned from Los Angeles yesterday reported at the meeting of the city council last evening that the negotiations between the municipality and the Santa Fe railroad company had been settled to the satisfaction of all parties concerned.

The Santa Fe company has consented to allow the building of the proposed municipal wharf 300 feet further east than was at first proposed. The space between the municipal wharf and that of the railroad corporation will be about 400 feet. The wharf will be 800 feet long and the extension of Ashland avenue will touch it at its westerly end instead of its center. The wharf will be 91 feet in width. The roadway will be 150 feet in width. All the land between the wharf and the hills will be filled in.

City Attorney Hall, at the meeting last evening, was instructed to make final arrangements with the railroad company in order that the work may be started within a short time.

The question of damages to tide lands the railroad officials agreed to allow the city to proceed with the improvement at once and the railroad corporation will await the final determination of the tide lands case now before the supreme court of the state. If the lands are finally decided to belong to the state there will be no damages.

SAN PABLO SCHOOL IS CROWDED

SAN PABLO, April 14.—Because of the rapid increase in the number of pupils in the lower grades within the past month, it has become necessary to install many new desks at the San Pablo school, of which H. D. Eich is principal. If many more pupils enter the lower grades, Eich has asserted that what to do with them will present a serious problem.

At the present time the enrollment of the San Pablo school is 160. This is the largest enrollment in the history of the institution. The growth of the school is good evidence of the rapid manner in which the San Pablo section is building up.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

GETTING RICH IN RICHMOND

We have previously pointed out how real estate is the foundation of many great fortunes all over America, and how even a moderately fixed man, one who is working on a salary, can manage to gradually lay such a foundation. In fact nearly all the men who have grown immensely rich from the enhancement in values of real estate have been poor men who commenced on a very moderate scale. We have in mind many instances, and will point out a few examples. J. W. Wright, of San Francisco, is one of them. Mr. Wright came to San Francisco some twenty-five years or so ago, at the solicitation of his brother, William Wright, and previously sent his brother his little savings to invest for him in sand lots, as advised by the brother. The lots invested in were way out somewhere in the Golden Gate park country, and when he came out to see them he was the most disappointed man imaginable. He and his brother drove in a buggy for hours to get to them, and when the buggy would not go any further through the deep sand they got out and walked, miles and miles from where anybody lived. J. W. was dead sore, and informed his brother that the money had been thrown away, even though the lots did not cost much, whereupon his brother offered to return the money and keep the lots himself, but J. W. thought he would be a game loser and pocket the loss, for such he considered it. These lots are now covered with elegant apartment houses, flats and big family hotels, are reckoned by the front foot as to value and Mr. Wright is a millionaire. It is his company that put on the Emeric tract and other subdivisions in Richmond and now he don't do anything much but clip the coupons from bonds and a few easy stunts like that, while his general manager, E. J. Fitzpatrick, looks after the details. We came to California with a letter of introduction to Mr. Wright, from another brother, George, a neighbor with us in the same town for twenty years in Colorado.

Another Colorado friend of this writer, a Mr. Morgan, who was engineer back there for years on a freight train, moved to San Diego and bought a few lots, upon which he built a residence. He had no sooner got the house completed and the grounds improved than somebody offered him twice what he had paid for it, and so he sold and moved a little further out and did the same thing. As fast as he got a nice home fixed up in good shape somebody bought it at a big price, and he has made a dozen such moves in as many years, and is now comfortably fixed for life, with money, land, houses, rentals, automobile and everything else he needs or wants. There is nothing hard about that stunt—most anybody can do it by going at it persistently. This scribe was offered $500 for his bargain on his little "2x4 ranch" in the outskirts of Richmond before he had owned it three months, but wouldn't take it, as it is enhancing in value all the time and we are improving it a little every week, for a permanent home, but after we get it fixed up right we are going to buy more lots, on the monthly payment plan, as a foundation for future profit and a good big pension for old age. And that is just exactly what we advise everybody else to do, because there is not only good money in it but it is safe and conservative—maybe not get rich quick, but get rich in due time.

These little citations are only a very few out of many thousands which might be pointed to, did time and space permit, but mostly everybody is familiar with many similar cases of their own knowledge, and countless thousands of us now bemoan the fact that we did not begin years ago to accumulate a little real estate rightly located in the right town.

And now let us take up a few, just a very few, of the many reasons why Richmond is the right place for quick and sure rise in values of realty, and consequently good profits to those who buy now or anyways soon. Those reasons are so many that they would fill a book, but we can scan them briefly in this and following articles, and see if they are sound and true.

In the first place, the location of Richmond upon two great bays and its six miles of deep water harbors in immediate proximity to the great Pacific ocean and to a metropolitan world's shipping port, San Francisco, is the underlying reason for Richmond's advance to a city from a marsh and wheat field in a dozen years. It was that reason that induced the Standard Oil company to invest $15,000,000 here in one of the biggest oil refineries in the world and to construct four pipe lines 300 miles long from the oil fields in the southern part of the state. The Santa Fe and Southern Pacific came also for that reason, for they early figured that this would in time not only be a great shipping port, for ocean-going vessels but would also be a big manufacturing center. Thus ship and rail came together, and the coming of the Standard Oil company added another great drawing card for other factories—that of cheap fuel oil.

The Santa Fe invested in hundreds of acres of land here and made Richmond its terminal, carrying its passengers from this port to San Francisco by ferry and loading its freight from the Orient here. Then came the great Pullman Palace Car Company and established big shops in Richmond, employing from 600 to 800 men. Then followed along as a natural sequence, three porcelain factories, steel and iron works, foundries, furniture factory, brick and tile works, chemical works and other manufacturing establishments, and now is coming automobile factories and various other industries of the kind, and in due time Richmond will be the great manufacturing center of the Pacific coast, outstripping Oakland, San Francisco and other cities, because of its great deep water facilities, in which the United States government is now taking a hand financially.

Before going any further with these reasons why Richmond real estate must enhance double and treble many times over in the next decade, let us thoroughly digest this one great fact, and then proceed with other reasons in another article. It is this:

When the greatest financiers in the United States select Richmond as a base for their big operations and invest upwards of fifty millions of dollars here, don't you think you may safely rely upon their judgment to the extent of the investment of your few hundreds or few thousands? Those men never make failures. Follow their lead and you will profit the same as they do, in just exactly the proportion that your investment compares with theirs. You may not make millions, as they are doing, but you can amass a good income and a competency that will drive the wolf from the door and place yourself and family beyond the fear of want when the sun of life is setting.

Don't sing of a bright world that waits over there,
But warble of this world and banish your care.
Beyond the dark Valley sweet Heaven is near,
But there's a good imitation around us right here.

A few more dynamite trials and recall elections around here and taxes will begin to look up."

San Francisco is in the throes of another police department shakeup, but no one notices that it brings taxes down.

Pennsylvania seems to be up against a choice between Penrose and Pinchot for the Senate. That's hard luck.

Siegel went broke in New York simply because he was dishonest. Giving his wife $50,000 a year just as pin-money was one of his cute little ways.

Six American school marms on a faraway island have been eaten by admiring natives. There is a lot around here sweet enough to eat, also.

A petition signed by thousands of women asks congress to divert a part of the money spent on big armies and big navies in channels more calculated to benefit the masses of the people of America. And there is some good sound sense in that, also.

NO REASON FOR IT

When Richmond Citizens Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Richmond citizen says:

Mrs. Walter Stubblefield, 532 Fifth St., Richmond, Cal., says: "I can't praise Doan's Kidney Pills too much for the good they have done my little boy. He had weak kidneys for years and I was often obliged to keep him home from school. Whenever he caught cold, the kidney weakness was worse. He didn't seem able to control the kidney secretions at night. I doctored and gave him several kinds of medicine, but without any permanent relief. Finally, I started giving him Doan's Kidney Pills. Two boxes worked wonders. His kidneys began to act regularly and his appetite improved. I can't find words strong enough to tell how highly I think of Doan's Kidney Pills."

CITY COUNCIL HOLDS VERY BUSY SESSION

(Continued from Page 1)

mission naming the personnel of a committee appointed by the commission to co-operate with the committee previously appointed by the council to meet and entertain the members of the federal rivers and harbors board expected to arrive from Washington some time in June. The matter was laid over for one week.

Surrender Franchises

A communication was received from the Oakland Traction company asking that all its franchise on the streets not used by the corporation be cancelled. It was explained that the street railway company is desirous of having a clean slate preparatory to raising funds for needed extensions to the lines of the corporation. Traffic Manager Brown explained that the traction company would ask for new franchises when the proper time arrived. An ordinance cancelling the franchises passed a first reading.

Wants to Sell Bonds

A communication was received from the Stege Sanitary district offering to sell to the municipality district bonds in the sum of $75,000. The communication was placed on file. It is said the city is not in the market for bonds and that there is no likelihood that the offer to take the sanitary bonds will be accepted.

Want Arc Light

A petition signed by residents residing in the neighborhood of Railroad and Standard avenues asking that an arc light be placed in that vicinity. The matter was referred to the light committee for investigation.

City Treasurer Reports

City Treasurer Ira R. Vaughn filed his quarterly report with the board last evening showing the amount of money on hand belonging to the municipality on March 31st. The report was accepted and placed on file.

Will File Report Monday

Attorney DeLap appeared before the council and stated that the report of the commissioners on the opening and improvement of Tenth street would be ready for the consideration of the board on next Monday evening.

Work is Ordered

On the recommendation of the street committee the petition of property owners asking that Eighth, Twelfth, Fourteenth and Fifteenth streets, between Chanslor avenue and the A. T. & S. F. Railroad be improved, the city engineer was instructed to prepare the necessary proceedings for the work.

John Wants Grass Watered

A communication was received from John Nicholl suggesting that proper arrangements be made to have the grass and trees watered in the parking when the same are planted on Richmond avenue before the concrete pavement is laid on that thoroughfare. The matter was referred to the street committee.

Work Ordered

A resolution ordering the work of improving Sixth street, from Ohio street to Cutting boulevard was adopted.

A similar resolution ordering work on Second street, from the Oakland branch of the Santa Fe railroad to Cutting boulevard was adopted.

Coleman Asks For Extension

A. M. Coleman asked for and was granted an extension of ninety days on his contract for the laying of sewers on Ashland avenue and Cutting boulevard.

Cushing Gets Extension

George W. Cushing filed an application with the board for an extension of 90 days' time on his contract for the laying of sewers on Richmond avenue. His petition was granted.

Cutting Boulevard Improvement

A resolution adopting plans and specifications for the improvement of a portion of Cutting boulevard was adopted.

Resolution Laid Over

A resolution adopting plans and specifications for the improvement of Clinton avenue was laid over until next Monday night.

Seventh Street to Be Opened

A resolution providing for the opening and extension of Seventh street under the right-of-way on the main line of the Santa Fe was adopted.

A resolution of intention for the widening of Cutting boulevard was also adopted.

Proceedings Rescinded

A resolution was adopted last evening rescinding all proceedings on the widening and improvement of Twenty-third street south of Macdonald avenue and the city engineer and city attorney were instructed to prepare new proceedings. It appears that under the proceedings rescinde dno provision had been made for the concrete abutments under the Santa Fe company's viaduct.

Deeds to Land Accepted.

A deed to one foot of land at the ends of Main, Florida and Virginia streets was presented to the council by City Engineer H. D. Chapman and upon motion was accepted. The deed was executed by Benjamin Griffins, et al.

Will Sign Pipe Line Agreement

Upon the recommendation of the city engineer the mayor and city clerk were authorized by the council to sign a pipe line agreement with the Santa Fe Railroad company for the crossing of a main sewer at Bay View avenue.

CHAT AND DOPE BASE BALL

A baseball game that promises to have plenty of Oriental flavor to it will be staged at the Oakland State league grounds on Sunday afternoon when the locals will tangle with the fast Tiyo University baseball team of Japan. The team, according to the Honolulu Morning Times, is considered one of the speediest of the island nines and should put up a good brand of ball with the best of the pilt chasers.

Charley Burns will be used on the firing line against the little brown men and should have no trobule in teaching them a few new pointers in the great American pastime.

AH SAY NOT SO

Should the locals win from the Japanese team Sunday afternoon we would suggest that they take a crack at the Colored Giants since they have up to the present time played against a Portugese nine, and a German team.

SOME DIFFICULTY

Scorer O'Hara is undecided as yet whether or not he will tabulate the coming "All Jap" and "All American" game because if Hashmaura, twirler for the Far Eastern team, was to star in any plays O'Hara would be compelled to limit his name to plain "Hash" as the Spaulding Score books are very short on space.

LIGHTNING CHANGE

Two years ago all that the little brown man of the far east knew was to sip his green tea, eat his bowl of rice and trot around with a rickshaw. Now he has flung all these antiquated habits to the winds and has bursted forth in a baseball uniform with a Ty Cobb bat and a determination stronger than that of the Federal league.

HERE'S A NEW ONE

All football players will hereafter be compelled to carry an accident insurance policy. Huh, that's nothing, they have been insuring automobiles for the past five years.

PUT BAN ON TRACK

Simply because they were refused admission into a certain league the athletes of the local high school are to give up track sports, and turn their attention to baseball. That from "pillar to post" policy will never in any way advance the school in athletics.

R. K. Adams arrived from Ogden, Utah, last evening to make his permanent home in Richmond. Mr. Adams is an old-time friend of Editor Hulaniski, of the Record-Herald. He is very much pleased with Richmond and says it is still snowing in Utah and it was pleasant to see flowers blooming in profusion in this city.

Mrs. Frank Critchett of Berkeley was a visitor in Richmond today.

LITTLE GIRL HAS BIRTHDAY PARTY

Miss W. A. Quinly entertained a number of little folks on Monday afternoon at her home on Castro avenue in honor of her little daughter, Geraldine's, sixth birthday. The little ones surely enjoyed themselves playing and eating the delicious lunch which was set for them in the cozy dining room which had been nicely decorated in red to match the six little candles on the large birthday cake. It was surely a happy little bunch of boys and girls who left for their homes after such a pleasant afternoon.

Those who were present were Geraldine Quinly, Lelia Gingler, Evelin Neeley, Gladys Ferguson, Clara Redfield, Lewis Ferguson, Margaret Powel, Dorothy Gingler, Edna Powel, Vernon Jergenson, Harry Lutz, Bernett Jaqueth, Robert Lutz, and Melvin Redfield.

Mrs. Fred Powel, Mrs. Gingler and Mrs. Redfield helped Mrs. Quinly in entertaining the little ones.

COLONEL CODY IS COMING TO RICHMOND

All the hero-worshipping small boys and their fathers—the small boys of other days—will rejoice to hear the good news that Major John M. Burke, Colonel Cody's old plains "pardner" has brought to town—that fortune still smiles generously on the old scout. His scheme for moving picture history of the stirring campaigns attendant on the opening of the great western empire in which he took part has been launched with such tremendous success that Buffalo Bill will stand preeminently conspicuous in the "Movies" forever.

"Yes, Sir," chuckled Major yesterday, with the delight of an old pard in the two new prosperius undertakings of his lifelong comrade, "The old man has struck two new veins that assay high. He will be preserved and his personality perpetuated, also will be the old Army of frontier fame, and the American Blanket Indian through one—the film art in the other; he and the red aborgine brought into closer touch with the general public, and especially the youngsters under the enjoyable conditions attending the festivities of a superbly equipped circus."

"Buffalo Bill will personally appear with the greatest of all, the enlarged Sells-Floto Circus, depicting scenes of Western life with the Sioux Indians, cowboys, ranch girls and military, thus adding a variegated interest to the greatest circus bill ever offered the American Public."

"The Sells-Floto Show was a top-notcher before the amalgamation and now with the prairie rangers dove-tailed through the program it is absolutely the last gasp in arenic marvels."

Major Burke is as enthusiastic over the admission price as he is over the show itself. He says "The twenty-five cent admission represents a noteworthy crack at the high cost of living. It is a fact that the Circus is a necessity of life and Young America cannot grow up without seeing it, and the middleaged and the old folks must share in his joy. It is the little ones first definition of Happiness."

"The Sells-Floto management, realizing that they were dealing with a necessity, have put it within the reach af all the people. Their ideal aim is to 'Let all the family go to the Circus.' They have made it possible for all to attend by putting the price at twenty-five cents so that there may be no Cinderella's weeping at home in the corner when the Sells-Floto Circus and Buffalo Bill comes to town."

"To conceive its magnitude this season, see the equipment, the erection of the Canvas City, and especially the instructive and picturesque pageant—or free street parade at ten thirty A. M.—and then hike to the 14,000 solid rain and sun-covered amphitheatre, for a two hours and a half of real rational enjoyment.

EFFORTS MADE TO GET BAIL

MARTINEZ, April 14.—A determined effort is being made to obtain bail for Thomas Mooney and Joe Brown who are occupying cells in the county jail awaiting trial on the high explosive charge, Mooney awaiting the calling of his second trial. Bail in all instances has been fixed at $5,000 cash or $10,000 bail bond which latter H. G. Hanlon the third suspect has secured and is now enjoying his liberty.

Mooney's second trial will start on April 22nd before Judge Barber and it is quite probable that District Attorney A. B. McKenzie will try the case alone, the only assistance coming from his office. It is probable that Brown's friends will soon make an effort to have the bail in his case reduced in order that he may be released pending his trial for which no date has been set.

The funeral of little Albert Tevis, the infant son of Mr. and Mrs. Herbert Tevis, residing at 406 B street, was held yesterday afternoon from the Clark undertaking parlors on Fourth street. Interment was at Sunset View cemetery.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacob's Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

OLD FAVORITE SONGS FOR ALL

BEAUTIFUL VOLUME ILLUSTRATED WITH SPLENDID PORTRAITS OF GREAT ARTISTS

Haw many of the dear old songs have you in your home? How many times have you wished for some old favorite which a passing thought has brought to your mind? And oh, how dear to memory are the old tunes! What would you give to have a complete collection of these old favorites, words, music and all? You never saw a collection of this kind, and yet you have always wanted it.

With this thought in view, The Record-Herald has arranged to take up the distribution of a volume called "Songs That Never Grow Old." Here are all the old favorites all together, including songs of home, college, sacred, patriotic, love and operatic songs, as well as national airs of different countries. These include German, French, Italian and English songs, the dearly beloved songs of Ireland and Scotland, and many others that are familiar to everybody.

These old favorites have been compiled and selected with the utmost competent authorities, and are printed and bound all together, making seven song books in one volume. There are two styles of binding, one in art bristol covers and the other in heavy English cloth. The contents are the same, but, of course, the cloth binding is more durable, and with ordinary care should last a lifetime. It is stamped in gold on side and back; is flat-opening, and under usual conditions such a book could not be sold for less than $2.50.

A most attractive innovation in this edition are the magnificent illustrations. These consist of a rare galaxy of sixty-nine wonderful portraits of the world's greatest vocal artists, many in favorite costumes. The list includes Caruso, Tetrazzini Slezak, Melba, Farrar, Bonci, Matzenauer, Goritz, Scotti, Fremstad and almost fifty others. None of these portraits have ever before been shown in a work of this character and they are all reproduced from copyrighted photographs which have been approved by the artists themselves. Every reader will want to possess this rare and unique collection, but can get it only through The Record-Herald.

In another column of this issue will be found a coupon in which is explained the plan of distributing this beautiful book of old favorite songs. Readers are urged to lose no time in familiarizing themselves with the plan. Read the display announcement in this issue and clip the coupon today.

SIMPLY BEWILDERED'

Was the Way Millicent Expressed It.

And I understand the feeling. She'd read so much about the wonderful suits at reduced prices all over town—and, even so, they were all too expensive for her to think of buying.

Besides, Millicent confessed, she hadn't near enough money, anyway, to get a new suit for weeks—and, with spring so near, you couldn't blame her for feeling blue.

We had to laugh about her discouragement when she came to see me yesterday attired so gorgeously in the lovely shepard check I helped her pick out at Cherry's the other day. It's a little dream, that suit—and so becoming to Millicent!

SHE'S PAYING FOR IT BY THE MONTH—that's Cherry's generous courtesy to their patrons—CREDIT TERMS ON ANYTHING TO WEAR.

NOW is surely THE time to introduce yourself to Cherry's! The suits they're selling at $19.50 are worth $25. And all their spring displays are fascinating — coats, waists and dresses, too.

And, by the way, they have a special in $25 fancy coats for $16.-50.

Cherry's are conveniently located on 13th St. between Washington and Clay. 515 13th St. is their exclusive ladies' store, while just across at 528 13th is the men's store. The two San Francisco stores handling men's and ladies' wearables are at 1009 Market and 2400 Mission Sts. Los Angeles store is at 636 So. Broadway. Advt.

PHILATHEA GIRLS HOLD A COME BACK PARTY

One of the most entertaining, mirth-provoking, and get-acquainted socials ever held in the Baptist church came off last night in the parlors of the Calvary Baptist church The occasion was a "come-back party" of the Philaphea girls of the Sunday school to the Baraca boys of the sunday school. The evening began with every boy securing a partner for coughing, weeping, whistling, laughing and spooning. Three minutes was given for each event with the exception of the last when five minutes was allotted. The girls then went behind the curtain while the boys tried to write a description of the girls that they had just talked with. Once during the evening the couples had to write a telegram of ten words, each word beginning with the same letter. The most exciting event of the evening was the potato race. The entire number of young people was divided into sides, and the race began. Three potatoes were placed in a row on each line. There was two contestants for each race. The potatoes had to be carried on a spoon and picked up by that spoon. It was the funniest stunt of all that the girls had arranged. The evening was filled with games. Finally the girls gave a little one-act farce of a woman seeking a servant girl. Then, the refreshments were served after the partners had been chosen in a unique way. The refreshments consister of salad, sandwiches, coffee, ice cream and cake.

That the evening was so well enjoyed by the boys is due to the splendid generalship of the chairman of the entertainment committee, Miss Lesba Corum.

Those present were: Mesdames Stewart, Sherwood, Fraser, Trivitte, Percy, Kirkpatrick and Kelly. The Misses Smith, Nellie Beck, Georgianna Beck, Champion, Christina Dickinson, Lucy Dickinson, Bessie Woods, Annie Woods, Lesba Corum, Mayren Pearson, Minnie Read, Duncan, Rhoda Williams, Frances Search and Merle Kingham. Messrs. Stewart, Kelly, Dr. March, Charles Wees, Dennis Luster, Louis Luster, Arthur Murphy, Ralph Lewis, Clarence Mulanax, Davies, Burke, Benson, Paul Lord, Hobart Kelley, F. P. Allen, Sherwood, Emmet Hitchcock, Reginald Royal, C. Foley, M. Foley, L. Holtz, Bowdich, and Ralph Beck.

The boys cheered the girls, and gave the Baraca yells, and went home promising the girls an entertainment and an all day picnic in the near future.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidney active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. —Adv.
